Workcube, ERP kavramına yepyeni bir tanım getirerek, kurumlara tımlaşık planlama ve iş yaklaşımı sunuyor. İşletmenin ihtiyaç duyduğu tüm ERP fonksiyonelliğini içeriyor.

İşletmeler rekabet avantajlarını sürdürebilmek için iş süreçlerini değişen pazar trend ve taleplerine hızlıca adapte etmek zorunda. Klasik ERP'nin yetersizliğini anlayan işletmeler dükmenlerini kurumlarını iş süreçlerini tüm bileşenleriyle yönetmelerini sağlayan web tabanlı, bütünsel yazılım çözümlerine kırıyor.

Plan events, publish your events on our event lists. Invite cobunet.com users and visitors to your event as a participant.

Detailed and structured Exhibition database

Our automated Exhibit database allows you dive in to the Exhibitor, visitor and key figure information so that you can properly compare and evaluate the development of the exhibition.

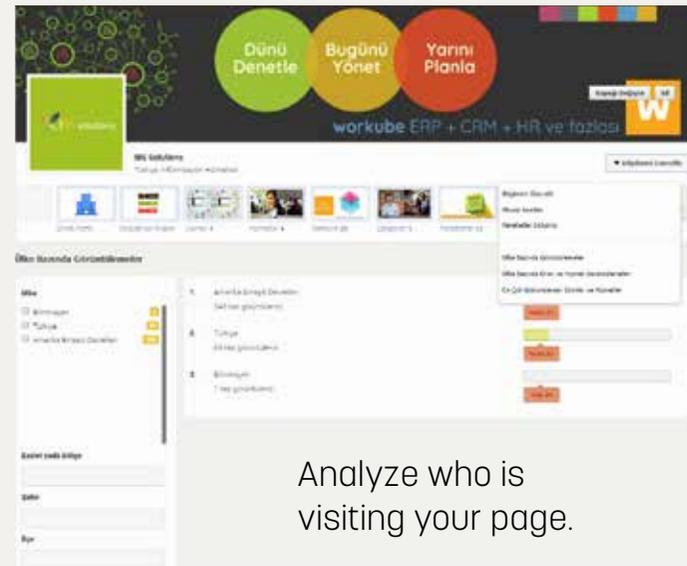

The screenshot displays the 'Expos' section of the Cobunet.com database. It features a search bar at the top right and a left-hand navigation menu with filters for 'Expos', 'Ulkeler' (Countries), and 'Yillar' (Years). The main content area shows two exhibition entries:

- MosShoes - International Trade Exhibition for Footwear, Accessories and Materials**: Held from October 10, 2020, to October 21, 2020. Location: Russia, Moscow. Type: International. It is held four times a year in March and September. The exhibition is open to trade visitors and quality buyers.
- FAME - Junior & Young Contemporary Resources**: Held from October 31, 2020, to October 31, 2020. Location: America Strategic Countries, New York. Type: National. It is held in 2021. The exhibition is open to quality buyers and trade visitors.

To the right of the text, there is a 3D rendering of a modern exhibition stand with a staircase and a person standing on it.

Analyze your visitors according to their demographic structure

Monitor, Measure and analyze most viewed products, services and visitors according to various criteria as demographics and origin.

The screenshot displays the analytics dashboard of the Cobunet.com system. The dashboard features a header with three main sections: 'Dünü Denetle' (Check Yesterday), 'Bugünü Yönet' (Manage Today), and 'Yarını Planla' (Plan Tomorrow). Below the header, there are several charts and tables displaying visitor data. A table on the left shows the number of visitors from different countries:

Ulkeler	Sayılar
Amerika Stratejik Ülkeler	10
Avrupa	5
Asya	3
Diğer	2

Other sections of the dashboard include a 'Gösterilen Ürünler' (Displayed Products) section with a list of products and their views, and a 'Görülen Ürünler' (Viewed Products) section with a list of products and their views.

Analyze who is visiting your page.
